Travel Alert issued for north central and northeast North Dakota

The North Dakota Department of Transportation and the North Dakota Highway Patrol have issued a **Travel Alert** for north central and northeast North Dakota due to snow and blowing snow causing reduced visibility and making travel challenging. Areas included in the **Travel Alert** are Minot, Devils Lake, Grand Forks, Grafton, Pembina and surrounding areas.

A **Travel Alert** means conditions are such that **motorists can still travel** in these areas, but should be advised of rapidly changing conditions. Motorists are encouraged to reduce speeds and drive according to the conditions.

All travelers are encouraged to monitor road conditions as weather conditions occur and use caution while traveling. For road information, call 511 from any type of phone or go to the website: www.dot.nd.gov.

The NDDOT works hard to keep travelers informed of road conditions. However, the road conditions are not reported 24 hours a day but updated every day from 5 a.m. to 10 p.m. Central Time, including holidays. It's important to remember that the conditions may vary from what is being reported.
